

## Winter Light: Photographing Desert Preserves

### Information

---

Date/ Time: Saturday, February 16, 8 AM – 4:30 PM

Meet at: [Whitewater Preserve](#) (click on the link for a map to the meeting site)

At the end of Whitewater Canyon Rd., north of Interstate 10.

Instructor: Craig Fucile, Photography Instructor, University of California, Riverside Extension

### Overview

---

Join us for a day of photography in two special desert places off the beaten track: Whitewater Preserve, and Thousand Palms Oasis Preserve. From the Whitewater River, to McCallum pond in an oasis of California fan palms, you'll experience the beauty of water in the desert. Winter is an excellent season to photograph the low desert, with its cool temperatures, longer shadows and views of distant peaks.

The day consists of photographic field sessions, group instruction and one-on-one assistance from your instructor. Your questions will be answered! You'll learn tips and techniques for controlling sharpness, exposure, making panoramic photographs, and using lenses, along with creative exercises in photographing the desert landscape. Class begins in the morning close to the rugged cliffs of Whitewater Preserve. After lunch, we relocate to Thousand Palms Oasis Preserve for afternoon field sessions among stately palms. Hiking at each preserve is easy – to moderate; we'll be walking on trails that are mainly level. Participants are encouraged to bring a tripod with their camera(s).
