### Overview

Located within the vast Pinto Basin and at the base of the impressive Pinto Mountain is a unique area known as the Pinto Basin Sand Dunes. Enjoy a slow paced, all cross country hike over lightly undulating sandy terrain to this, the largest set of “sand dunes” found within the Park. Once at the dunes, there will be a brief discussion of how the dunes were formed. This is a great place for desert wildflower viewing including the possibility of seeing the elegant and aromatic Desert Lily.
